

Regulation Matters

2019 Annual Conference – Louisville, Kentucky

PANEL UPDATE – WEEK 12

This is the final update on the 2019 Annual Conference and we hope you've enjoyed these weekly panel promotions. The annual conference theme is "*Regulation Matters*," and the agenda will cover a number of diverse and timely topics confronting the beverage alcohol industry and marketplace.

UNDERSTANDING THE CONSUMER LANDSCAPE OF TODAY AND TOMORROW

What's going through a consumer's mind when making a beverage alcohol purchasing decision today? With an unparalleled selection of beer, wine and spirits to choose from and a proliferation of new ways to obtain and enjoy these products, today's consumer is faced with a sea of options. This panel will look at what's trending in the beer, wine and spirits sector along with how, when and where these products are entering the marketplace. The state of the craft industry, on- and off-premise trends and the impact of cannabis and low/no alcohol beverage options will all be discussed.

These trends are reshaping the borders of the beverage alcohol industry and are driving changes to alcohol laws and regulations across the country.

Come join industry experts **Caitlyn Battaglia**, Nielsen, **David Ozgo**, Distilled Spirits Council, and **Bart Watson**, Brewer's Association for a deeper dive into these trends and their impact on the industry. Moderated by **Jake Hegeman**, Wine and Spirits Wholesalers of America, this panel sets the stage for the Annual Conference by highlighting some of the key technological and consumer shifts that are leading to novel legislative and regulatory approaches around the country. These topics factor into nearly all of the issues to be discussed at this year's conference so be sure to attend and get a foundation for the panels to follow!

For those who need to fulfill Continuing Legal Education (CLE) requirements, NCSLA is pleased to announce approvals from Kentucky, Iowa, and Pennsylvania.
